PREFACE.

WE present herewith the Camden City Direc-
tory for 1906, containing the names of
the inhabitants with the occupation and residence
of each. The information has been obtained by
a systematic house-to-house canvass, and every
effort has been made to obtain a complete and
accurate list.

The usual business classification of trades, &c.,
is presented, also an appendix of miscellaneous
information, and a street guide. The street guide
has been compiled from personal canvass and
official sources, and revised by the City Engineer
to whom our thanks are tendered.

C. E. HOWE CO.

JUNE, 1906.

WATSON DUMP

WAGON SUPREMACY

Is Admitted by All Contractors

WARRANTY
If any part of these wagons
shall break at account of
defect, it is warranted at our
expense, within one year from
date of shipment, we will
upon receipt of such parts
ship other parts to replace
same without charge.

The Watson's principle of the present wagon is all the proof we need that Watson's wagons are the most reliable to be seen. It is the only wagon that is built to last. It is the only wagon that is built to be used in the most severe conditions of work. It is the only wagon that is built to be used in the most severe conditions of work. It is the only wagon that is built to be used in the most severe conditions of work.

The Watson was the first bottom Dump Wagon ever built and to-day it retains supremacy; it is just as far ahead of other makes as it was when D. S. Watson first built a bottom Dump Wagon. Solidly constructed of the best materials that money can buy, instant action, nothing complicated in its mechanism; does the work it was built to do and does it easily.

We Now Have Wagons of Every Style Ready to Ship at a Moment's Notice.
Get a catalogue here. Have it handy so that when a new contract comes you may not fail to write or telegraph the wagon you want. We are not going to be short on wagons. You may feel certain that the day your order reaches us for regular wagons they will start coming to you.
Such Service Means Much to the Busy Contractor.
We are after your order. Mean to keep your contract. We get an order—telling you what you want about Watson Dump Wagons. If you haven't got a catalogue, a postal card will bring one.
